Aerospace Sales, Marketing to Be Taught Here

Responding to an increasing need for the advanced training and orientation of sales and marketing personnel in the aerospace and electronics industry, the Institute of Management Technology is conducting a series of evening courses twice a week on Tuesdays and Thursdays from 7 p.m. to 10 p.m. at the Redondo Beach Union High School, classroom 301, for five weeks, starting Tuesday.

Instructors are Wolfgang G. Prenosil, a management consultant in matters of marketing and operations, and Zee W. Peque, president of Inter-Rep. and formerly director of sales training at Texas Instrument, Inc., Dallas and alternate guest lecturers.

The curriculum is such that persons with limited experience will benefit by being familiarized with new philosophies and mechanics of sales and marketing, whereas the advanced participants and persons in supervisory position will obtain helpful guidance and orientation.

The lectures start Tuesday. Enrollment should be made by mail. For information, call Wolfgang G. Prenosil, FR 5-9352, or write to P.O. Box 1147, Torrance.

School Board Eyes Budget

Torrance Board of Education returns to the budget battle tomorrow night — with just two weeks remaining before the tentative \$15 million-plus budget must be prepared or approved under state law.

In addition, the board will act on a schedule for holding a series of its meetings next year in outlying areas of the Torrance Unified School District, instead of at the regular meeting place district headquarters, 2335 Plaza Del Amo.

At tomorrow's 7:30 p.m. meeting the board will consider holding meetings at West, North and South High to give each neighborhood an opportunity to see the board in action at closer hand.

The board will also act on a proposed report card revision, which would put

more emphasis on the A-B-C-D-F system of grading in both subject matter and personal characteristics. Nursing service for high schools, reduction of class size in basic skills classes, student suspensions, and awarding of contracts for the second increment in the West High building program are also on the agenda.
